GUIDELINES FOR PATIENTS

STEP 1 - APPLICATION. COST.

- Send the information to the Ilizarov Centre (description of the disease, photo of the affected segment, scanned X-rays/MRI), if necessary, additional data will be required by a doctor.
- Receive a letter-confirmation from the doctor regarding details of treatment
- The tentative cost and duration of treatment are indicated in the Agreement between the patient and the Centre.
- The price-list for medical services for citizens of RF and other countries * (<http://www.ilizarov.ru/index.php/clinic/options-health-care/patient-pricelist>). Amount of medical services is determined by the doctor-in-charge; it includes surgical intervention, anesthesia, Ilizarov fixator or implants and other devices, accommodation in a common/single room, consultations of specialists, radiographic and other studies and also accommodation of the accompanying person in the patient's room. International patients also have to cover extra-charge for services of Migration subdivision, Legal and International departments (mandatory package).

* *Decree of the Government of the Russian Federation of March 6, 2013 N 186 "On the Approval of the Rules for the Provision of Medical Assistance to Foreign Citizens on the Territory of the Russian Federation"*

GUIDELINES FOR PATIENTS

STEP 2 – VISA. TRIP ARRANGEMENTS.

- Prepare an official invitation for the patient and accompanying person provided by the Ilizarov Center to apply for the Russian entry visa. As processing time is about 30 days, it is strongly recommended to apply for the official invitation well in advance
- Apply for visa for the patient and accompanying person in the Russian Federation Consulate in India. Once the visa is issued its scan – copy should be sent to the International department inter@rncvto.ru
Note: If in-patient treatment takes more than 3 months the visa for the patient and accompanying persons is extended with the help of employees of the Ilizarov Center
- Purchasing airline tickets by the patient. There is direct Moscow-Kurgan flight every day. Beside Moscow, the nearest to Kurgan international airports are in Ekaterinburg, Tyumen, and Chelyabinsk.
Note: A transfer from the airport can be arranged on request of the patient for an extra charge

GUIDELINES FOR PATIENTS

STEP 3 – ARRIVAL. ADMISSION.

- Admission to the hospital is possible only after complete prepayment of the amount indicated in the Agreement. Head of International department issues referral for admission
- At admission the patient is examined by a GP/pediatrician. Necessary tests for the patient and accompanying person can be done in the Ilizarov Center or at home (the results should be accordingly translated into Russian and verified by an authorized specialist)
- Patients who receive complex of medical services on correction of lower limb disproportions and deformities are supposed to undergo preoperative tests and examinations at the Ilizarov Centre.
